

Website & Donation Privacy Policy

The Interventional Initiative operates www.theii.org (the Site) to provide information to the public about the benefits of minimally-invasive, image-guided procedures for the treatment of many diseases. As a 501c3 we accept donations from other charitable organizations, individuals, and corporations.

This page informs you of our policies regarding the collection, use and disclosure of Personal Information we receive from users of the Site. We use your Personal Information only for providing and improving the Site. By using the Site, you agree to the collection and use of information in accordance with this policy.

Information Collection and Use

While using our Site, we may ask you to provide us with certain personally identifiable information that can be used to contact or identify you. Personally identifiable information may include, but is not limited to your name, organization, email, phone number, address. Donations in the amount of \$250 or greater are acknowledged and reported in our year end filings.

Log Data

Like many site operators, we collect information that your browser sends whenever you visit our Site ("Log Data"). This Log Data may include information such as your computer's Internet Protocol ("IP") address, browser type, browser version, the pages of our Site that you visit, the time and date of your visit, the time spent on those pages and other statistics.

Cookies

Cookies are files with small amount of data, which may include an anonymous unique identifier. Cookies are sent to your browser from a web site and stored on your computer's hard drive.

Like many sites, we use "cookies" to collect information. You can instruct your browser to refuse all cookies or to indicate when a cookie is being sent. However, if you do not accept cookies, you may not be able to use some portions of our Site.

Security

The II utilizes Authorize.Net for secure financial transactions (see certificate on our website). Authorize.net is committed to safeguarding customer information and combating fraud. Authorize.net dedicates significant resources toward a strong infrastructure, and adheres to both strict internal security policies and industry security initiatives. Authorize.net utilize industry-leading technologies and protocols, such as 128-bit Secure Sockets Layer (SSL) and we are compliant with a number of government and industry security initiatives. The security of your Personal Information is important to us, but remember that no method of transmission over the Internet, or method of electronic storage, is 100% secure.

Changes To This Privacy Policy

The II may update this Privacy Policy from time to time. You are advised to review this Privacy Policy periodically for any changes.
